EXPERIENCE

Frontend Developer
Onesight, July/2021 - April/2023
At Onesight, I developed and maintained the frontend of two apps: a personalized website builder for businesses and a marketplace app for selling old clothes (Daz Roupaz).

Frontend Developer
Efex Finance, Sept/2021 - Dec/2022
I worked on the Meu.Shopping marketplace app, providing support for the website and users dashboard. I also worked on the Efex Finance platform, which facilitates and speeds up international payments by invoice payment.
